March for Youth Mental Health 2022 Pledge Form

This page does not have to be returned.

Information Page

Thank you for taking part in the March for Youth Mental Health 2022 and deciding to help raise funds for youth mental health awareness and services! Your dedication to such an issue and commitment to raising funds is greatly appreciated and admired.

All funds raised will be used to continue to raise awareness around youth mental health as well as to provide services to youth for their mental health. A portion of the funds will be donated to Kids Help Phone, with the remaining funds being donated to organizations in our community to help provide direct services to youth for their mental health.

Complete the following page(s) and return them to us on 7 May 2022 at Hamilton City Hall. Can't do this or have questions about anything? Email us at info@ymhmcanada.ca.

Please ensure that any cheques that are written are made out to Youth Mental Health March with a cash date of 7 May 2022. Any cheques dated earlier than this will not be able to be cashed.

Note that no tax receipts will be issued for any funds collected. All individuals will receive a record of transaction within 3 weeks after the event.

The YMHM Canada was started in May of 2020 and works to raise awareness around youth mental health and mental health disorders in youth while working to push our governments on all levels to ensure that the proper services are available and accessible for youth to improve their mental health.
